VOTE TO STRENGTHEN WOKING'S TEAM

Introducing the brilliant Lib Dem candidates ready to join the winning team this May.

These candidates are ready to help turn Woking from being a failing bank to a thriving council, focused on delivering services. Selected for their skills and experience, they will strengthen our team.

Ann-Marie Barker, Leader of Woking Borough Council comments, "We have finance experts, strategists, entrepreneurs, business and charity sector leaders, and of course some of our most experienced councillors are re-standing this May.

These are people who genuinely care about their communities and will be a strong local voice for residents and an asset to our growing team."

It's Lib Dem or Conservative in Woking:

This year, voters from every party are getting behind Lib Dem Chris Martin as the only chance to stop the Conservatives in Pyrford.

The Conservatives have almost bankrupted the council, leaving debts of £2.4 billion which cost £56 million a year in repayments - 5 times the annual amount raised in Council Tax.

We plan to limit the height of new buildings, make the council carbon net zero by 2030 to help fight climate change, and tackle Woking's financial mess with openness and integrity.

A vote for Chris and the Lib Dems means a local champion for Pyrford who will demand a fair deal for you.

Chris Martin - Focused on a Brighter Future

As a father, I am furious that my young children will be nearing retirement age before Woking Council is able to pay off their current debt. The cost of servicing this debt is £56 million annually, which is money not being spent on delivering better services to residents.

“The transparency and openness with which the Lib Dems lead the council is illuminating, and a real breath of fresh air for local politics”

Key financial roles providing essential oversight and expertise were not even created until the Lib Dem administration took control last year. I find it shocking that this relaxed approach to borrowing millions of pounds continued unchecked for so long.

The transparency and openness with which the Lib Dems lead the council is illuminating and a real breath of fresh air for local politics. Real change has been made already, measurable improvement

secured, sound vision generated and backed up with diligence and oversight.

Rowing at the highest level for Team GB's World Championship crew and my record-setting ocean-rower crossing of the Atlantic and Pacific oceans have given me the determination, resilience and commitment to tackle this next challenge.

The road to recovery will be long but, with your vote, we can be a part of that improving future.

LIB DEMS TACKLE CONSERVATIVES' FINANCIAL MESS

Since taking control of Woking Borough Council, the Lib Dems have uncovered the true extent of the debt crisis left by fifteen years of Conservatives rule.

With total debt approaching £2.4bn, Woking has the third highest borrowing of all local authorities in England and Wales, and requires £56m per year in interest payments alone.

The Lib Dems are working hard to get Woking's finances under control and have set a tough but balanced budget for 2023-24, but the mess left by years of Conservative mismanagement means we are not out of the woods yet.
